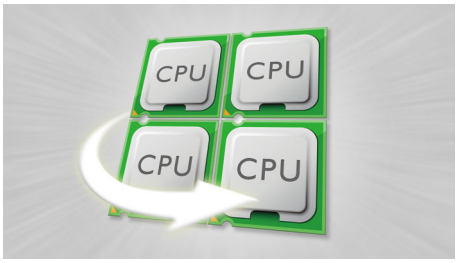
Highlights

1.3GHz quad core processor

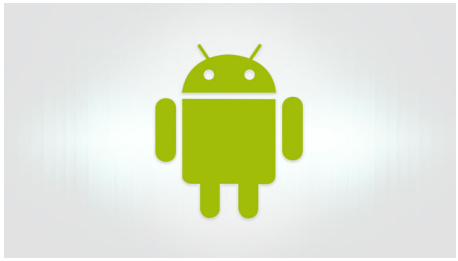


Your Philips mobile phone now zooms along like never before, thanks to the powerful 1.3GHz quad core processor. This powerhouse keeps up easily with your multitasking demands at a much faster speed. Load web pages with lightning speed, watch uninterrupted videos plus get animations fast- and we mean fast! Gaming is seamless and immersive with exceptional picture quality.

5" FWVGA TFT touch screen

Want to turn web browsing on your mobile phone into an enjoyable experience instead of a cumbersome chore? Now you can do so on your Philips smartphone, thanks to its awesome and all-encompassing 5" FWVGA display. Whether you are viewing photos or files, surfing the internet or playing your favorite games, the expansive touch screen makes the activity a pleasure with minimal screen transitions and less scrolling.

Android 4.2



Empowered by Android, your Philips mobile now comes with a fully customizable mobile platform that is open to a wide range of smart applications and functions. Find your pocket PC, games console and telephone all rolled conveniently into one.

Dual mode (WCDMA and GSM)

Your Philips mobile phone incorporates two SIM cards to allow you access to WCDMA and GSM network connections at the same time. Now you can enjoy wider mobile coverage on two networks with just one phone.

WLAN connectivity

With WLAN, you can enjoy speedy access to the Internet on your mobile phone. Go ahead and leisurely browse the web or send emails and files.

5 megapixel camera with flash

Indulge in trigger-happy moments with clear and razor-sharp images, thanks to your phone's 5 megapixel camera. The built-in flash means that you can snap fantastic shots, even in dim lighting conditions.

Wireless TV streaming

When the exciting content on your phone is just too good to share on the small device screen, the wireless phone to TV streaming on your Philips mobile phone comes in handy. This feature lets you share your most captivating photos and videos on your Philips Smart TV in the comfort of your living room with family and friends. Or stream the music on your phone wirelessly to play it out loud on your TV, be it for large parties or quiet enjoyment.
